

SkyMaxx Skylights

SkyMaxx, the new range of Maxxair skylights.

The SkyMaxx skylights are available for 40x 40 cm and 50 x 70 cm roof cut-outs. They can be installed by OEMs or for the replacement of already installed skylights.

Opening and closing by lever with integrated locking. Double acrylic lids. All models come with a pleated screen and shade. The « Plus » models have integrated LED lighting for even more comfort.

Switch easily from with permanent ventilation to without permanent ventilation by changing the ventilation panels include as standard on all models.

Models

Permanent ventilation standard on all models. Can be blocked by swapping the supplied ventilation panels.
